STANDARD CARCASE FINISHES

MODERN CLASSICS

All designs need to evolve and with it we move forward in life. But, there are times when a design is born and we keep hold of it. Our Classic collection are designs of the past, where we have added a modern approach to them.

Available in both a 'Lay-on' design or 'In-frame' design all of our Classic door ranges (and our Stratford range from Contemporary) have the opportunity to be styled as you see fit.

The 'Lay-on' style is a door which sits to the front of the carcass with no visible frame surrounding it, creating a slightly more contemporary feel. The 'In-frame' is the exact opposite and uses the frame to encapsulate the doors, creating a more classic look.

ADDED LITTLE DETAILS

Our range of finishes will bring you a visual delight in your home, and because a kitchen is lived and breathed in it is an entirely personal space. Each range has its own carefully picked palette, but if you still fancy creating a difference then our Classic doors have an added little perk.

All of our painted finishes in the Classic range (and our Stratford range from Contemporary) can be painted directly onto our Oak doors, leaving a grained texture to the end result. Alternatively you can the same colours as a smooth finish, leaving a perfectly smooth result.

Your kitchen, you home, your choice.
