MODERN CLASSICS

All designs need to evolve, but there are times when a design is born and we keep hold of it. Our Classic ranges are designs of the past, with a slight modern twist.

Available in both a 'lay-on' or 'in-frame' designs. Look for the 'Lay-on / in-frame' door symbols on each intro page to see what door configurations you can achieve.

The 'lay-on' style is a door which sits to the front of the carcass with no visible frame surrounding it, creating a slightly more contemporary feel. The 'in-frame' style is the exact opposite, and uses the frame to encapsulate the door, creating a more classic look.

Each range has its own carefully picked palette, but if you still fancy creating something a bit different, our Classic doors have an added little perk.

All of our painted finishes in the Classic range (and our Stratford range from Contemporary) can be painted directly onto our Oak doors, leaving a grained texture as the end result. Alternatively, you can use the same colours as a smooth finish, leaving a perfectly seamless result.
